Accredited by NAAC – II Cycle with 'A' Grade (CGPA:3.28)

**AQAR 2023-2024**

### **7.3.1 Institutional Distinctiveness**

#### **Title of the Practice: NOON MEALS SCHEME**

#### **Objectives:**

- To satisfies the hunger and ensuring nutritious growth to needy students
- To eradicate poverty and monetary inequality within campus
- To create an amiable atmosphere for financially backward students to pursue education
- to increase in literacy rate of students.

#### **The Context:**

Many students at Pope's College, particularly those from rural backgrounds, face the daily struggle of food insecurity. The challenge of providing support was compounded by the students' reluctance to openly acknowledge their financial difficulties. They were hesitant to participate in traditional aid programs that required public disclosure. To address this sensitive issue, the college devised a discreet and confidential approach. By understanding the students' desire for privacy, the college developed a support system that ensures they receive necessary assistance without compromising their dignity. This innovative solution empowers students to focus on their studies, knowing that their well-being is being cared for.

## **The Practice:**

The success of the Noon Meals Scheme hinges on the dedicated efforts of the Coordinator. They play a crucial role in ensuring the smooth operation of the program. At the beginning of each academic year, students are discreetly informed about the scheme through their tutors. Tutors then liaise with the Coordinator to identify students in need, ensuring confidentiality throughout the process. The Coordinator issues tokens to these students, which they can redeem for daily meals at the college canteen. This token system guarantees equitable distribution and anonymity, safeguarding the dignity of the beneficiaries. Approximately 44 students were supported by the scheme in the 2023-2024 academic year. The financial burden of the program is shared by the dedicated staff of the aided stream, who make monthly contributions. The Coordinator meticulously maintains records of these contributions and expenditures. A sample of a monthly financial statement is provided below.

## **Evidence of Success:**

Beneficiaries of the Noon Meals Scheme express their gratitude to the Coordinator and their respective departments. They appreciate the opportunity to have a nutritious meal at the college, contributing to their overall well-being. The quality of the food is a top priority. The Coordinator and staff regularly monitor the meals to ensure they meet nutritional standards. Additionally, a dedicated WhatsApp group has been established to gather direct feedback from students. Their input regarding the quality and quantity of the meals is valued and used to continually improve the program.

In the academic year 2023-'24, the scheme was started on 16<sup>th</sup> July 2023. A total number of 44 students joined and benefited through the scheme.

- As in the previous years, the beneficiaries of noon meals scheme in the academic year 2023-'24 were the orphans, semi-orphans and poor students of all departments.
- A nutritious, hygienic & free meal was Provided to 44 poor students of our college on a daily basis.
- The committee members extended their cooperation to monitor the involvement of the students, sponsors for funding and the strategies to fund raising resources for strengthening the scheme.
- The food packets were prepared & distributed through college canteen.
- The total cost of a single food pack was Rs 50/- .
- As per the feedback from the students, the quality, the contents of the menu chicken biryani /Meals / Variety rice with vegetables / egg / vada) & quantity of food were good and delicious.
- The beneficiaries actively and honesty voice out their opinion on the Quality of food supplied in order to sustain the standard of the food Moreover, they also register their attendance to college in their group. so that it would help in preparation of food packets based on the attendance of the beneficiaries

The faculty members contributed more generously for the growth of the scheme. The money was raised through voluntary contribution every month and the scheme rolled out successfully by the grace of our Lord Almighty.
