Department of Business Administration, Pope's College

Greetings

We feel immense pleasure to organize a one day State Level Seminar on 'IMPACT OF ARTIFICIAL INTELLIGENCE IN BUSINESS' for the students of U.G. and P.G. courses on March 19, 2024 in the College premises.

About the Institution

Pope's College was founded in the name of Dr.G.U.Pope the revered missionary from England in 1962. It is a co-educational institution accredited with 'A' grade by NAAC-CYCLE-II, lying in the southern part of Tamilnadu. It is managed by the CSI Thoothukudi-Nazareth Diocese and affiliated to Manonmaniam Sundaranar University. The College is located in about 40 acres of functional area with thoughtfully built multi-storeyed buildings. The College offers 10 U.G. courses and 8 P.G. courses and 3 Ph.D courses. Over the years the College that has been steadily growing according to the needs of the society retaining the research.

About the Department

The Department of Business Administration was commenced in the year 2007, to cater to the need for a professional course in Management Studies in the rural area. The objective of the department of BBA is to provide high quality education in Business Administration and to prepare the students to seek entrepreneurial ventures in this regard, the Department brings together scholars, academicians and industry professionals from wide range of disciplines and sectors to foster awareness.

About the Seminar

The impact of artificial intelligence (AI) in business is profound and multifaceted. From streamlining operations to enhancing customer experiences, AI is revolutionizing industries worldwide. By automating tasks, AI boosts efficiency and productivity, allowing businesses to focus on innovation and strategic growth. Furthermore, AI-powered analytics enable data-driven decision-making, uncovering valuable insights for optimizing processes and predicting market trends. However, AI adoption also presents challenges such as ethical considerations, job displacement, and privacy concerns. Nonetheless, the transformative potential of AI in business remains undeniable, shaping the future of work and commerce in unprecedented ways. The primary aim of the seminar is to provide robust knowledge about the impact of AI in the current business and marketing field
