## **POPE'S COLLEGE**

Pope's College was named after Dr. George Uglow Pope, the revered missionary from England in 1880. The college was revived as a regular institution in Sawyerpuram in 1962. The noble vision of the college is to create a center of excellence in higher education for shaping rural students irrespective of caste, faith and religion through dissemination of knowledge, skills and Christian values. The college rightly believes to inculcate in every one of its students the fear of God, which is the beginning of wisdom. With its extreme sensitivity to national policies and community needs, the college has grown from strength to strength. The college has been accredited in the II cycle with 'A' grade by NAAC and the UGC has conferred autonomous status from the academic year 2017-'18. The college offers Eleven undergraduate and Eight postgraduate programmes. There are three research centers providing Ph. D in various disciplines.

## VISION

“To strive to impart Christian value based education to the poor sections of community; to transform them holistically – spiritually, mentally and physically – to be agents of change and to be responsible and purposeful citizens”.

## MISSION

“Pope’s College has for its end, the moral and mental development of its students in such a way that they may be fully equipped in heart and mind for whatever particular lifework lies before them”.
